introduction

Welcome to “Gran Finale”, Domio Gallery’s final online exhibition of the year, a joyful celebration of art and of the vibrant global community that has shaped our first year together.

Rather than slowing down, we end 2025 with a flourish: a burst of creative energy, a firework of ideas, colours, and expressions. Gran Finale embraces brightness, excitement, and the artistic momentum that carries us into the new year with the same passion that brought us here.

But finales are not only spectacular. They can also be quiet, reflective moments, pauses filled with meaning. This exhibition brings together artworks that explore celebration or stillness, intensity or introspection, transition or closure. Whether bold or minimal, festive or contemplative, each piece adds a unique voice to this moment of ending and beginning.

Featuring artists from around the world and spanning painting, photography, digital art, sculpture, collage, mixed media, and more, Gran Finale offers a multifaceted look at how we conclude a year - in light, in silence, or anywhere in between.
